THOSE REQUIRED TO HAVE A BACKGROUND CHECK

Church Personnel who are required either by law or by the Standards of the Diocese of Wilmington to have a background check prior to participating in ministry or activities where they are involved on a regular recurring basis with youth and young people are identified in the catalog that follows.

Regular and recurring is defined as five hours or more in any given year.

Those in Part I of the Catalog which appears in this section of the manual are those individuals whose background check will be conducted by the investigating agency engaged by the Diocese of Wilmington. Those in Part II of the Catalog (appears in this section of the manual) are required to have the background check conducted by a state law enforcement agency.

Additions for those required to have a background check conducted by the investigating agency (Part I of the Catalog) may be made subject to the approval of a Pastor, School Administrator or Safe Environments Coordinator.

Any staff member in a parish, school or at the diocesan level wishing to place a volunteer or hire a new employee should be aware of the requirement for a criminal background check to be on file *prior* to the person's service. An employee or volunteer may not begin their work with students or young persons until the criminal background check is on file and a clearance certificate has been issued through the Diocesan Office of Safe Environments.

Diocesan policy requires that all background checks for those working with young people are renewed every five years.

**PROCESSING THE REPORTS PROVIDED BY EITHER THE INVESTIGATING AGENCY
OR THE STATE OF MARYLAND OR DELAWARE**

Upon receiving the results of the CBC the Coordinator of Safe Environments and a review team with legal expertise will review the report based on the following criteria:

If there is no arrest, conviction, probation or deferred adjudication, finding, or a domestic violence protective order, the individual is eligible for placement and the appropriate supervisory personnel at the parish, school or Diocese will be notified with a cleared certificate.

If there has been an arrest, conviction, probation or deferred adjudication, findings, or a domestic violence protective order, the following factors will be considered in determining whether to place the individual with such a criminal record:

- a. type, frequency and severity of the offense
- b. maturity of the individual at the time of the offense
- c. nature of the work and qualifications required (i.e. is the offense an impediment to the ministry in which this person will work?)
- d. date of the offense

Where any one of the above criteria is present, the individual will have the opportunity to address the issue with the Coordinator of Safe Environments and the review team so that a determination of fitness for ministry participation can be made based on the information obtained.

If non-acceptance is based on the criminal background check and the individual feels that an error has been made by the investigating agency, the individual may choose to address this matter with the law enforcement agency that conducted the check.

DISQUALIFYING OFFENSES FOR ALL CHURCH PERSONNEL

Policy: No person may serve with minors who has ever been convicted of any disqualifying offense, been on probation or received deferred adjudication, findings or a domestic violence protective order or has presently pending any criminal charges of any disqualifying offense before a determination of guilt is made, including any person who is presently under deferred adjudication.

Disqualifying offenses are as follows:

- A. A felony or misdemeanor classified as an offense against the person or family.

Examples:

Offenses against the person include, but are not limited to, murder, assault, battery, sexual assault, injury to a child and abandoning or endangering a child.

Offenses against the family include, but are not limited to, bigamy, incest, interference with child custody, enticing a child, and harboring a runaway child.

- B. A felony or misdemeanor classified as an offense against public order.

Examples:

Offenses against public order include but are not limited to, prostitution, obscenity, sexual performance by a child, possession or promotion of child pornography.

- C. A felony or misdemeanor violation of any law intended to control the possession or distribution of any substance included as a controlled substance in the State of Maryland or State of Delaware.

NOTE: While a serious offense, driving while intoxicated may not be a disqualifying offense for volunteering, but it does disqualify someone from driving any church vehicle or any other vehicle on church sponsored activities or events.

A Credit Check is NOT a part of the screening process.

Hispanic Volunteers

If an immigrant volunteer is somehow unable to produce evidence of a background check that person may provide volunteer services provided a "cleared" adult remain in the room with him/her. (3/28/06)

Review Panel

ROLE AND RESPONSIBILITIES

The Diocese has appointed a Review Panel of attorneys, all of whom are familiar with the Safe Environments Program. The specific responsibility of this panel is to review any criminal background investigative report presented to them by the Safe Environments Coordinator and determine the eligibility of the person for service in the Diocese.

All information is brought to the Panel without identifying data so that the individual's identify is protected.

If the individual is determined to be ineligible for service, the Coordinator of Safe Environments conveys this in writing to the individual and to that person's pastor. The information given to the pastor notes that clearance is not given, the specific causes are not noted.

Once the individual receives the determination of the Panel he or she may petition for a review. The individual may present information in written form or may chose to meet with representatives of the Panel. The results of the review are final and the individual is again notified in writing.

Should the review of a determination alter the status of the individual the Safe Environments Coordinator advises the Pastor of that change in writing.

The findings of the Review Panel are retained in a permanent file.

CONFIDENTIALTY

Application/screening information shall be treated as confidential. If any inaccurate information is provided by the applicant, or if information is not included which should have been, the individual will be considered to have falsified his/her application/screening form and thus ineligible for service. The individual receives a letter from the Coordinator of Safe Environments and is invited to review the inaccurate or missing information. The additional information gained from this discussion by the Safe Environments Coordinator is reported to the Review Panel who determines eligibility for service. The individual is then notified by mail of the decision of the Review Panel.

The **individual reports** resulting from a background check will be kept in restricted data files in the Safe Environments Office: -- one with an alpha listing of those whose applications/screening form provided information which prevents the individual from participating in the ministry and a second file in alpha order of all those who have been approved for consideration for ministerial participation.

All criminal background checks conducted by the State of Maryland or Delaware for school personnel will be kept in restricted files in the Diocesan Catholic Schools Office. Renewal forms for school personnel will be processed through the Safe Environments Office and filed in the Catholic Schools Office.

Criminal background checks conducted for all departments of the Diocese and will be retained in the individual's employee or volunteer file.

MAINTAINING RECORDS AT THE LOCAL LEVEL

At the parish level it is recommended that the cleared certificate for

All paid employees as well as the signature page for the Ethical Standards be retained in the individual's personnel file.

The cleared certificate/criminal background report for school personnel should be retained in the personnel files of the school as well as the Ethical Standards.

Volunteer information, both certificate of clearance and volunteer covenant, should be retained by the individual with whom the person volunteers.

It is suggested that a master file of all cleared certificates be maintained by the parish/school compliance coordinator.

Priests/Deacon information

The background information and ethical standards for all priests are retained in the Chancery Office. Background information and ethical standards for all deacons are retained in the Office for Deacons.

Parishes will not receive certificates for these individuals. The appointment of a priest or deacon by the Bishop to a parish/institution signifies that the individual is appropriately cleared for service.

FEE FOR BACKGROUND CHECK

FEE FOR INTERNAL INVESTING AGENCY

The fee for screening done by the agency identified by the Diocese is currently \$30.00 or \$35 if paid by credit card. The payment should be made to the parish who, in turn, will issue an entry code that is required for an online application. Parishes can purchase entry codes in bulk to be distributed to those seeking a background application.

Or

In the event the parish will be paying for the background check, the individual should deliver the completed screening form in a sealed envelope to the parish office. The individual should sign the envelope across the seal. The parish should then forward the amount necessary to the investigating agency with the sealed envelopes.

If the background application is completed on line and an entry code is received from the parish, the application will go directly to the investigating agency.

FEE FOR STATE BACKGROUND CHECKS

The fee for a criminal background check through the state of Maryland and /or Delaware varies.

ACCOUNTABILITY/COMPLIANCE

1. The individual volunteer or employee assumes responsibility to complete a criminal background check prior to being cleared for ministry in parish or diocesan service.
2. A listing of all cleared individuals within a given area of ministry or activity who are eligible for service in parish or diocesan ministry will be maintained at the parish/diocesan level.

The term **“cleared” means** that the results of the criminal background check make them eligible to be placed in service in a diocesan/parish ministry.

COMPLIANCE PROCESS

Basic Principles/Guidelines

1. The implementation of the program will reflect what is right and reasonable.
2. Consistent application of the program will be the norm: e.g. background checks, standards/covenants etc.
3. Implementation will rest at the local level with the Pastor, Principal, Catechetical Leader, Youth Ministry Coordinator and Athletic Association President.
4. The role of the Diocesan Offices is to support and assist with local implementation.

Parish / Local Gatekeepers

1. Parishes should identify one person who will be responsible for compliance, for being sure that the records are in order and that the program is being monitored by the individuals with ministry responsibility. This person will be the parish Compliance Coordinator. A sample job description appears on page 23 of this section.
2. Principals, Directors of Religious Education, and Youth Ministers are responsible for knowing the status of implementation within their programs. This means that they are to have accurate records on the status of the background checks, the standards or covenants and any educational processes which have been undertaken within their area of responsibility for the program.
3. Athletic Association Presidents are responsible for the status of implementation with coaches and volunteers working with the programs so that the required documents are completed and filed and any education required has been completed.

Diocesan Responsibilities

Offices working with schools, religious education programs, youth ministry and athletic associations will integrate a compliance review into their existing processes:

Religious Education Office
Catholic Schools Office
Catholic Youth Ministry
Athletic Programs

Annually, required orientation for all NEW: principals, directors of religious education, coordinators or directors of youth ministry, pastors, newly ordained and athletic association presidents. This would include education on “For the Sake of God’s Children” process and content, as well as an understanding of their responsibilities for the program, and information on how to educate those new to the ministry in the parish community. This session is conducted by the Diocesan Staffs responsible for these areas of ministry and coordinated by the Coordinator of Safe Environments.

The Diocese has established a Diocesan Compliance Oversight Committee with responsibility to monitor the level of compliance within the Diocese and to review the program/policies as required. This committee reviews and recommends any changes or revisions to policy, recommending such to the Vicar General who in turn, will discuss the recommendations with the Bishop and Review Board.

BACKGROUND CHECKS

The tracking of the status of individual background checks is done locally, meaning at the parish/school level. The appropriate gatekeeper should know who is to have a background check in accord with the guidelines set by the Diocese and should track if the background checks have been applied for, completed, and/ or need renewal. (Five years or older)

The Schools Office retains copies of all background checks for teachers/principals and is looking at a new employee report which will facilitate monitoring of the compliance level.

Currently the Schools Office provides an annual report to parishes on the status of compliance within the schools.

Religious Education has a turnover rate of approximately 1/3 annually. The cleared for service records are maintained locally. The catechists file now has an indicator on the front cover which stipulates whether the individual is cleared for service in the Diocese. Annually the Safe Environments Office conducts an audit of the rosters for all religious education programs.

Standards

Annually the person responsible at the local level should see that the standards are reviewed with all paid employees. These forms are only signed at the time of hire and are thereafter maintained in the personnel file.

Volunteer covenants are to be completed annually and filed for every cleared volunteer. These are to be kept at the local level with the information maintained on volunteers.
